A brief message reflecting on how SPM English School contributed to shaping my journey:

SPM English School has consistently fostered an environment where students are encouraged to pursue their extra-curricular interests alongside their academics. The teachers, from both the primary and secondary divisions, as well as the headmistress, have played a key role in nurturing not only academic growth but also important values. The school has always been proactive in promoting participation in a variety of exams, including Olympiads and scholarships. The school constantly organised quizzes, elocution competitions, and a variety of workshops. These experiences contributed to building my skills in extempore speaking, my confidence and improving my ability to express my ideas effectively.

Moreover, I was fortunate to have the opportunity of pursuing my passion for playing the Tabla. The school supported me by granting exemptions from attending classes during programs and competitions, allowing me to focus on my musical pursuits. The school concerts provided an excellent platform for students to showcase their talents and gain recognition for their achievements.

Having been a part of SPM English School, both personally and through my relatives, for the past 23 years, I can confidently say that my experience has been both fulfilling and memorable. The school has truly been a nurturing and enriching environment throughout the years.
